introduction

Hello Kitty is throwing a party and she needs your help to plan everything! What kind of games will she play? What kind of music will she have and what food will she serve? It's up to you and Hello Kitty to plan the perfect party!

Hello Kitty lives in a world that is a combination of reality and make believe, and the games will reflect this combination of worlds. Party Time mode is a reflection of reality, in which Hello Kitty accomplishes normal every-day tasks. In Party Time mode, Hello Kitty must plan her party, invite her friends and select music to play. In contrast, Party Games include fantastical settings where Hello Kitty's imagination runs wild. In Party Games, Hello Kitty will solve puzzles, and go on a wild party shopping spree.
